

WHITE PINES CABIN Three Lakes, WI

BOAT LAUNCH INFORMATION

Cabin Address: 6565 Winterberry Road, Three Lakes, WI 54562

Nearest boat launch, 3 min from cabin:

Frogson Landing is a half mile gravel road with a wide concrete launch, turnaround, and parking places. It is a free public launch.

You'll launch onto the Thoroughfare, then through the culvert onto Whitefish Lake. The culvert has a 12' diameter and a fishing boat can easily drive straight through. Many ski & deck boats will also fit; pontoons will not. Any questions, please ask us!

Trailer Parking at White Pines Cabin: Please park your trailer to either side of the graveled driveway - the septic system is located under the grass.

Other Boat Launches:

There are many places to launch your boat on the Three Lakes Chain! Launches signified by a brown boat ramp -->

While it's possible to access all 28 lakes from Whitefish Lake, depending on how far you want to go, it will likely be quicker to launch further north.

We'd recommend the west launch at Big Stone Lake, adjacent to Sunset Grill/Bigfoot Ice Cream (\$5 launch fee).

An expanded version of this lake chain map is available at the cabin.
